Dear Joe:

Don't know what continent you are wandering around on now, but I'm sure this will get to you eventually through Betsy!

We are training a marathon swimmer to re-inject some glamour into the races this summer. She is a Greek girl (Greek father, American mother), beautiful, determined, and I think finally we have ourselves another Marty Sinn. Her father is a legitimate Greek living in Greece. Even though she speaks perfect English, I think we can honestly list her as Greek and play up the glamour in our promotion.

Can you send me the schedule of swims for this summer? We will probably start Diana off with Hamilton but that thing is really a blood-bath on the four years out of five when the wind is blowing the wrong way on that lake!

In any event, I hope to be seeing you. Send the schedule, regards to all.....
