**Subject:** RE: Diana Nyad - Historic Marker Request

Hi Carl,

More information has been brought to my attention since my initial response about the Diane Nyad marker. At this time, ISHOF is withholding its support.

As a journalist and publisher, I have fact checked the following "issues" mentioned on this website: <http://nyadfactcheck.com/> and find them true. The only thing that I cannot fact check is whether Diane Nyad completed the swim from Cuba to the Keys unassisted, but her history of falsehoods put that feat into question. The swim has not been certified by the [Marathon Swimming Federation](#)

Sincerely,

Brent T. Rutemiller
