Party Time

Hey all, Chris on the web team again - the group out in Florida is probably going to be busy cheering, hugging and celebrating for a while. Unfortunately that means there won't be a ton of updates here until they've had time to party down. The GPS tracker is going to follow whoever carries it - I think it's actually on a ship anchored just off the beach right now. Hard to tell while everyone celebrates, so apologies for the lack of updates, but I hope everyone's enjoyed the journey. I'm sure Diana will speak to the press as soon as she's able - maybe today, maybe after a good long sleep.

Go party!
