Live Feed

CNN now has a live feed from Smathers Beach where Diana will be landing in about an hour:

[CNN Live Stream of Diana Nyad from Smathers Beach](#)

Part of the crew [has already landed](#).

We're seeing 18000 visits per second on the site right now, certainly a record for the site.

The GPS trackers continue to check in; both went down for over an hour at 8:30am Eastern, and back up about 10am. One has been checking in every 9-11mins since, and the other roughly every half hour.

We had a request to move the Support Us button down a bit so you could see the distance legend - moved! We're listening.

Update: [NBC also has a live feed, with audio](#)
