CNN Behind the Scenes

Posted by Xtreme Dream Team on May 31, 2012 in Blog | 1 comment

It was just about this time, May 2010, that CNN's medical unit decided to follow me in my quest to swim from Cuba to Florida. They figured this would be a one-month relationship. Fast forward two years. I am still chasing the Xtreme Dream. CNN is still on the story. And we have become tight friends.

Sanjay Gupta is a life force. Superstar neurosurgeon. Superstar medical correspondent. Superstar best-selling author (new and first novel "Monday Mornings" on NY Times best-seller list....I couldn't put it down). Superstar conversationalist. Superstar friend. Superstar. Period.

Left in the photo is his Senior Producer, Roni Selig. Roni smart as a whip. A visionary in terms of what programming compels Sanjay's fans. Roni also a strong triathlete, top in her age group in every race she enters. Roni and I have struck a simpatico over the years.

Center is genius [Matt Sloane](#). Young guy who can virtually answer ANY question you pose. He is in the field with Sanjay all over the world and has become a trusted and valued friend to me and the whole Xtreme Dream Team.

[3 captures](#) CNN was on in my house before I met up with these characters but now I am an unabashed CNN fan.
