WOWSA, My Name is John Berry. I was the operations chief on the 53 hour swim of Diana Nyad swim 9/2/13. I was stationed on voyager , the boat that she swim next to. From the time we left Cuba I never exited the boat, until the final destination was reached in Key West Florida.

Of the 53 hours on the boat about 10 to 15 minutes rest here and there for a total of approximately 1.5 hours , Other then the 1.5 hours of rest time I either could see her or hear the slap of the water from her hands. I can vouch for what I observed from her, including that she never held onto any boat, used flipper or a flotation devise, nor did someone hold her up. She was never pulled or pushed forward by any means other then herself swimming.

If I can be of any other service please feel free to contact me.
